Asphalt — healthy

Only monetization (2.84★) draws real complaint. Clears 4★ on graphics, gameplay and controls.

NFS No Limits — a game experience problem

Gameplay 2.83★ and monetization 2.55★ are weakest in the field. Its graphics and content scores hold up.

ZingSpeed — a technical collapse

Bugs, storage and performance are 46% of its sample (2,321 of 5,000). All three sit below 3.2★.
